

## Underhand Fly Fishing School

Do you want to learn Fly Fishing? Or do you want to learn from a real Master? Now you have the chance. Rod and line designer and former owner of LOOP: **Göran Andersson** from Sweden is coming to Holland.

Do you have trouble with bushes near the stream or lake where you want to fish? Or you see a rising fish, but can't change direction quick enough. Göran will teach you how to do it!

And here is your chance: The Fly Fishing Underhand Casting School". It's for everybody who wants to learn from the Master himself!

## Göran Andersson

Göran Andersson began Fly Casting at an age of 5. A little later he developed the Underhand Casting style. A complete new and different way of casting!

The difficult places Göran wanted to fish demanded him to find another strategy to catch the big trout under low hanging bushes.

He has fished all over the world with fly but mainly in Norway and Sweden. And now he offers to teach you the same possibility and give you the tool to a new way of casting!

Casting and fishing is an adventure that everybody can experience. Göran's goal is to let you have that experience!

## Edwin Steffens

Edwin Steffens began like maybe most of us fly fishing at an age of 20. Fly Fishing is more than just fishing it's a whole experience of nature and being outside.

Casting and fishing is an adventure everybody, young, old, man or woman can experience. And it will change your life. His goal is to let everybody that wishes to experience something different experience the beauty of fly fishing. That entails casting, fishing, fly tying and guiding on trips.

## The Fly Fishing classes

We will give three classes fly fishing. Fly fishing with a single handed rod and a double handed rod.

The workshops will take place on **31 march, 1 and 2 April** 2017. The location will be:

Het Parochiehuis  
Valkenbergweg 24  
8026 RK Zwolle

If you don't have a rod, then that is not a problem give notice in your appliance that you will need a rod. If you have a rod, then the best is to bring it because that will be the rod you will go fishing with. Also, bring waders or boots to practise casting. Further instructions will be given after appliance.
